

SKY TABS

Description

SKY TABS are partially refined carrageenan derived from seaweed which is added to the kettle to encourage the removal of proteins.

Benefits

- Removal of haze sensitive proteins
- Facilitates the shelf life of beer
- Reduction in downstream processing saving time, energy and money
- Improved yeast vitality
- Improved hot break in kettle

Application and Dosage Rates

REFER TO THE SAFETY DATA SHEET BEFORE USING THIS PRODUCT.

Dose directly into the kettle 10 minutes before the end of the boil. The dosage rate is typically 1 – 3 g per hl. It is always best to optimise the dosage rate at regular intervals and especially after receiving a new season malt. Please contact our technical team for more information on how to perform a kettle finings optimisation trial.

PRODUCT CODE

7115 T

PACKAGING

2 KG 5 KG

STORAGE

Store in original container.

Recommended storage temperature 10–20 Degrees C.

Store away from direct sunlight.

Do not allow to freeze.

SHELF LIFE

Use within 52 weeks from date of the date of manufacture.

REVISION NUMBER 001
REVISION DATE 10/02/2026
